SDJTU

About Jinan

Shandong Jiaotong University is located in Jinan. As the capital of Shandong province, Jinan is the political, economic, cultural, financial, transportation, conventional, and educational center of Shandong province. With enormous sparkling springs, Jinan is also named as “the city of springs”, enjoying the fame of “Decorated by lotuses and surrounded by willows, half of the city is reflected on the surface of vast Daming Lake.” Convenient in transportation, it only takes about 1.5 hours from Jinan to Beijing by train, 3.5 hours to Shanghai, 40 minutes to Qufu where is the hometown of Confucius, and 30 minutes to Mount Tai which ranks as the top tourist attraction in China.

About SDJTU

Shandong Jiaotong University was founded in the year of 1956. The university has four campuses, namely, Wuyingshan campus, Changqing campus, East campus and Weihai campus, occupying more than 213 hectares in total. The university consists of 16 institutes, providing 53 undergraduate programs and 2 graduate programs in relation to majors including Transport Engineering, Mechanical Engineering, Civil Engineering, Navigation Technology and so forth. There are more than 23,700 full-time students and about 1,900 faculty members. Over the past decade, the university has educated more than 1,000 international students from 50 countries, many of whom are contributing to the development of transportation industry all over the world.

Majors and Core Curricula

Undergraduate Program Taught in English (4 years)

Majors	Core Curricula
Computer Science	Circuit Analysis, Electronic Technology, Discrete Mathematics, Advanced Language Programming, Data Structure, Computer Networks, Algorithm Design and Analysis, Software Engineering
Civil Engineering (Specialized in bridge and road engineering)	Advanced Mathematics, University Physics, University IT, Civil Engineering Drawing, Civil Engineering Materials, Bridge Engineering, Road Engineering, Surveying, Subgrade and Pavement Engineering, Material Mechanics, Road Construction Technology, Road and Bridge Construction Organization and Budget, Bridge Maintenance and Reinforcement, Laws and Regulations of Construction Engineering
Marketing	Business Administration, Macroeconomics, E-Commerce Marketing, Internet Sales, Public Relationship, International Business Negotiation, Network Marketing
Mechanical Engineering	Advanced Mathematics, College English, Principle and Applications of Computer, Mechanical Drawing, Engineering Mechanics, Electrical and Electronic Technology, Theory of Machines and Mechanisms, Mechanical Design, Engineering Materials, Basic Mechanic Engineering Control, Electromechanical Integration Technology, Hydraulic Transmission, Mechanical CAD/CAM, Equipment Design, Technology of Mechanical Manufacture, CNC Technology, Single Chip and PLC Technology
Transport	Transport Engineering, Transport Big Data, Transportation Logistics, Transport Infrastructure, Intelligent Transportation System, Transport Automation and Control

Application Items

Applicant's Qualifications:

1. Non-Chinese citizen with a valid passport.
2. 18 to 25 years old.
3. With a high school diploma.

Application Materials:

1. Scan copy of valid passport.
2. Scan copy of highest degree certificate and transcripts.
3. Application form.

Fee Structure:

Expense Items	RMB/year
Application	600
Tuition	15,000/year
Insurance	1,000/year
Medical Examination	About 500
Hostel	Double Room: 7,000 (8,000 if two installments) /person/year Four-Person Room: 3,500 (One-time payment) /person/year Single Room: 14,000 /person/year
